April 2010

Frank Chester in Santa Cruz

Wed. April 28th, 7pm

Santa Cruz Waldorf School

Sacred Geometry of the Earth

Exploring the Relationship Between Form and Spirit of the Earth

~Original Work by Frank Chester~

- Why do tornadoes follow a certain path (tornado alley)?
How can you show what the inside of the Earth looks like? What does sacred geometry show about the aurora borealis? Does the Earth have a heart? What does the Sun and the Moon have to do with the inside of the Earth?

Sacred Geometry of the Human Heart

Exploring the Relationship Between Form and Spirit of the Heart

~Original Work by Frank Chester~

- Can the heart change our thinking? •
What does the geometry of this picture have to do with the human heart?

Can we learn anything about our heart structure that can be used in everyday life?

Presentation sponsored by the Santa Cruz and Monterey Bay Branch of the Anthroposophical Society in America

Suggested donation: \$12
