

# A NEW SACRED GEOMETRY

An Evening with Frank Chester:  
Artist, Sculptor, Geometrician

**MASONIC FAMILY CENTER**  
**1110 W. EAST AVE, CHICO CA**  
**MARCH 23, 2013**  
**7:00-9:30 PM**

This Event is FREE to the Community.  
Seating is 1st come 1st serve.

## THE FLOWER OF LIFE

The sacred geometric forms known as the Flower of Life and the Seed of Life are generally taken to be two-dimensional. They can, however, be shown to be three-dimensional. Bringing these forms into the third dimension provides the basis for new insights into studies of the planet Earth and the form of the human heart.

## THE SEED OF LIFE

Join Frank on a highly visual journey through his discoveries that marry the power of art, creativity, and intuition. This is a unique opportunity for students, educators, artists, doctors, scientists, and seekers to engage with the newest frontiers of sacred geometric research and its application.
